Our certified technicians will run a Service ADVISOR™ Computer check, check engine oil level, hi/lo speeds, intake system, air filters, turbocharger, exhaust system, coolant level/freeze point and radiator hoses. We will load test battery(s) and check cables, check neutral start and safety systems, lights, charging system and indicator lights. We will check hydraulic/hydrostatic oil level and operation, steering, and brakes, and all belts. In addition we will check feeder house chain/sprockets.

INSPECTION PLUS SERVICE

Our certified technicians will perform inspection and change engine oil & filter, change transmission and fuel filters, hydraulic filters, top off hydraulic oil level, clean air filters, check final drive oil levels, grease chassis.
