

WE'RE PRO

THE JOHN DEERE MOWER PLUS APP

Keep your John Deere riding lawn mower running its best and know how you mow with the John Deere MowerPlus app!

- Scan your barcode or enter your serial number and the MowerPlus app is optimized for your mower.
- App notifications help you determine the best time to mow and communicate expert pre-mow tips and routine maintenance reminders.
- Ready for maintenance? You can order the Home Maintenance Kit – almost everything you need to perform maintenance for your specific mower – right from the app.
- Simple step-by-step instructions make performing maintenance quick and easy. Not a DIYer? Contact **LandPro Equipment** for service and support directly from the MowerPlus app.

Ready to mow?

Select “Mow Now”, slide your phone into your pocket and MowerPlus records your mowing path, total mowing time and speed and coverage data. Compare this mow session with previous mows and even mows from past seasons. Gain insight into your mowing performance!
