MATERIAL/MANURE SCRAPERS

MS60 | MS72 | MS84 | MS96

Specifications

- Effortlessly push or scrape manure, mud, light snow, and other wet or sloppy materials. Rubber cutting edges are ideal for cleanup on hard surfaces such as concrete and asphalt.
- Standard pull-back edge works well for cleaning out corners and difficult-to-reach places.
- Bolt-on rubber edges are easy to change and reversible, for extended wear life.
- Like all Worksite Pro™ attachments, these scrapers are optimized to work with John Deere skid steers and compact track loaders (CTLs). They're also compatible with many competitive models. See your local Deere dealer for details.

	MS60	MS72	MS84	MS96
Weight	208 kg (458 lb.)	234 kg (516 lb.)	267 kg (589 lb.)	298 kg (656 lb.)
